## Offering Betting Services at Events

### ***This permission is restricted to holders of a Class I or Class II Bookmakers Licence***

Where a venue or Club organises an event to mark or celebrate a Big Race Day at a Major Meeting e.g. The Grand National, the holder of a Bookmakers Licence may attend and transact betting with the attendees.

This permission does not convey the right to a semi-permanent fixture for the duration of the Major Meeting (e.g. all race days covering that Meeting), it is limited to a particular/specific Race Day and event and then only offered to persons attending that event.

For the purposes of this permission, an event is *not* a buffet in a public bar arranged to attract passing trade.

### **Please note:**

- The Licensee must seek approval from the Commission prior to offering betting at such events. The Commission will require the event organiser to provide a statement to the effect that they want the provision of betting facilities as well as details of the proposed event.
- The provision of betting at a dedicated event is limited to one Licensee per event.
- The provision of betting may be arranged to benefit charitable purposes.
